- Repair and maintenance of pick-up truck and trailer fleet in compliance with DOT regulations and GDS safety policies.
- Repair and maintenance of heavy equipment fleet in compliance with GDS safety policies.
- Repair and maintenance of small equipment fleet in compliance with GDS safety policies.
- Perform road call service as needed for all GDS equipment.
- Maintain and protect the GDS maintenance facility, equipment, and grounds.
- Adhere to all safety rules and responsibilities.
- Ensure completeness and accuracy of all submitted paperwork.
- Support the efficient operation of GDS.

REQUIRED SKILLS, KNOWLEDGE, AND TRAINING

- Ability to operate and maintain equipment in a safe, professional manner at all times.
- Valid driver's license is required.
- Ability to learn to operate all equipment used in and around the maintenance facility.
- Ability to work efficiently with minimal direct supervision.
- Advanced knowledge of automotive systems including brakes, suspension, drive line, fuel, air, and electrical.
- Basic computer skills including the ability to quickly learn the GDS work order system.
- Ability to troubleshoot diagnostic codes using OEM Cummins and Caterpillar software.
- Ability to safely maneuver all equipment around the yard and in and out of the shop.
- Ability to work on multiple tasks simultaneously.
- Skilled in torching and welding tasks.

PHYSICAL ASPECTS OF THE POSITION

- Must be able to lift over 50 lbs. repeatedly.
- Must be able to work in severe weather conditions, both heat and cold.
- Must be able to stand and walk for 12 hours at a time.
- Must be able to work over head as well as in strenuous positions.

OTHER DUTIES: Please note this job description is not designed to cover or contain a comprehensive listing of activities, duties or responsibilities that are required of the employee for this job. Duties, responsibilities and activities may change at any time with or without notice.
