

GasSearch Drilling Services Corporation

JOB DESCRIPTION

TITLE: Water Truck Driver
DEPARTMENT: Trucking Services
REPORTS TO: Trucking Foreman

JOB OVERVIEW: Water truck drivers haul fresh and recycled water from water withdrawals to frac. The water truck drivers may also occasionally perform site work such as sucking rain water out of cellars or off of containment.

PRIMARY RESPONSIBILITIES:

- Perform documented thorough daily inspections on the water trucks.
- Follow all SOP's for loading/unloading water trucks at the frac or water withdrawal.
- Adhere to all Federal, State, and Local DOT and environmental regulations.
- Be knowledgeable of all water truck and pump functions.
- Properly use all safety devices such as lights, turn signals, seatbelts, etc.
- Effectively communicate via 2 way or CB radio to fellow drivers if entering/exiting pads or water withdrawals.
- Take direction from Dispatch, Foreman, and/or Cabot personnel and effectively communicate in return any issues, spills, or concerns.
- Ability to familiarize with company specific electronic logging for DOT Hours of Service requirements.
- Properly fill out work tickets for efficient, legible, and accurate billing.

REQUIRED SKILLS, KNOWLEDGE, AND TRAINING:

- Valid Class A or B CDL with a tanker endorsement
- Valid DOT medical card
- Weekends/Holidays required
- Good organizational skills
- Ability to multitask

PHYSICAL ASPECTS OF THE POSITION:

- Must be able to lift up to 50lbs
- Must be able to work in severe weather conditions, both heat and cold
- Must be able to walk and/or stand for 12 hours at a time
- Must be able to work over head as well as in strenuous positions

OTHER DUTIES: This job description is not designed to cover or contain a comprehensive listing of activities, duties or responsibilities that are required of the employee for this job. Duties, responsibilities, and activities may change at any time with or without notice.
